

London for Games

LONDON
& PARTNERS

London for... talent

- Hire a future superstar from one of London's 255 video game degree courses.
- Recruit an experienced team from London's pool of over 300,000 developers.
- Succeed in the city which created Football Manager, Monument Valley and Batman Arkham series.

“London is the place to be if you want to maximise your impact within the UK, Europe and globally”

Riot Games

London for... investment

- Thrive in London, the leading European city for venture capital investment.
- Your new network includes 630 London companies working in games development and publishing.
- Grow in the city that secured Europe's largest ever Series B funding round.

“Our London studio has been instrumental to our success and attracts some of the brightest talent from around the world”

King

LONDON
& PARTNERS

London for... future

- Prosper in an industry predicted to grow by 6% (to £5.2bn) by 2021.
- Benefit from one of the most generous tax relief systems in the world.
- Innovate with the Digital Catapult Augmentor, supporting early stage VR and AR companies to reach their full potential.

“London is an incredible centre of innovation that's unmatched anywhere in the world”

Bossa Studios

“

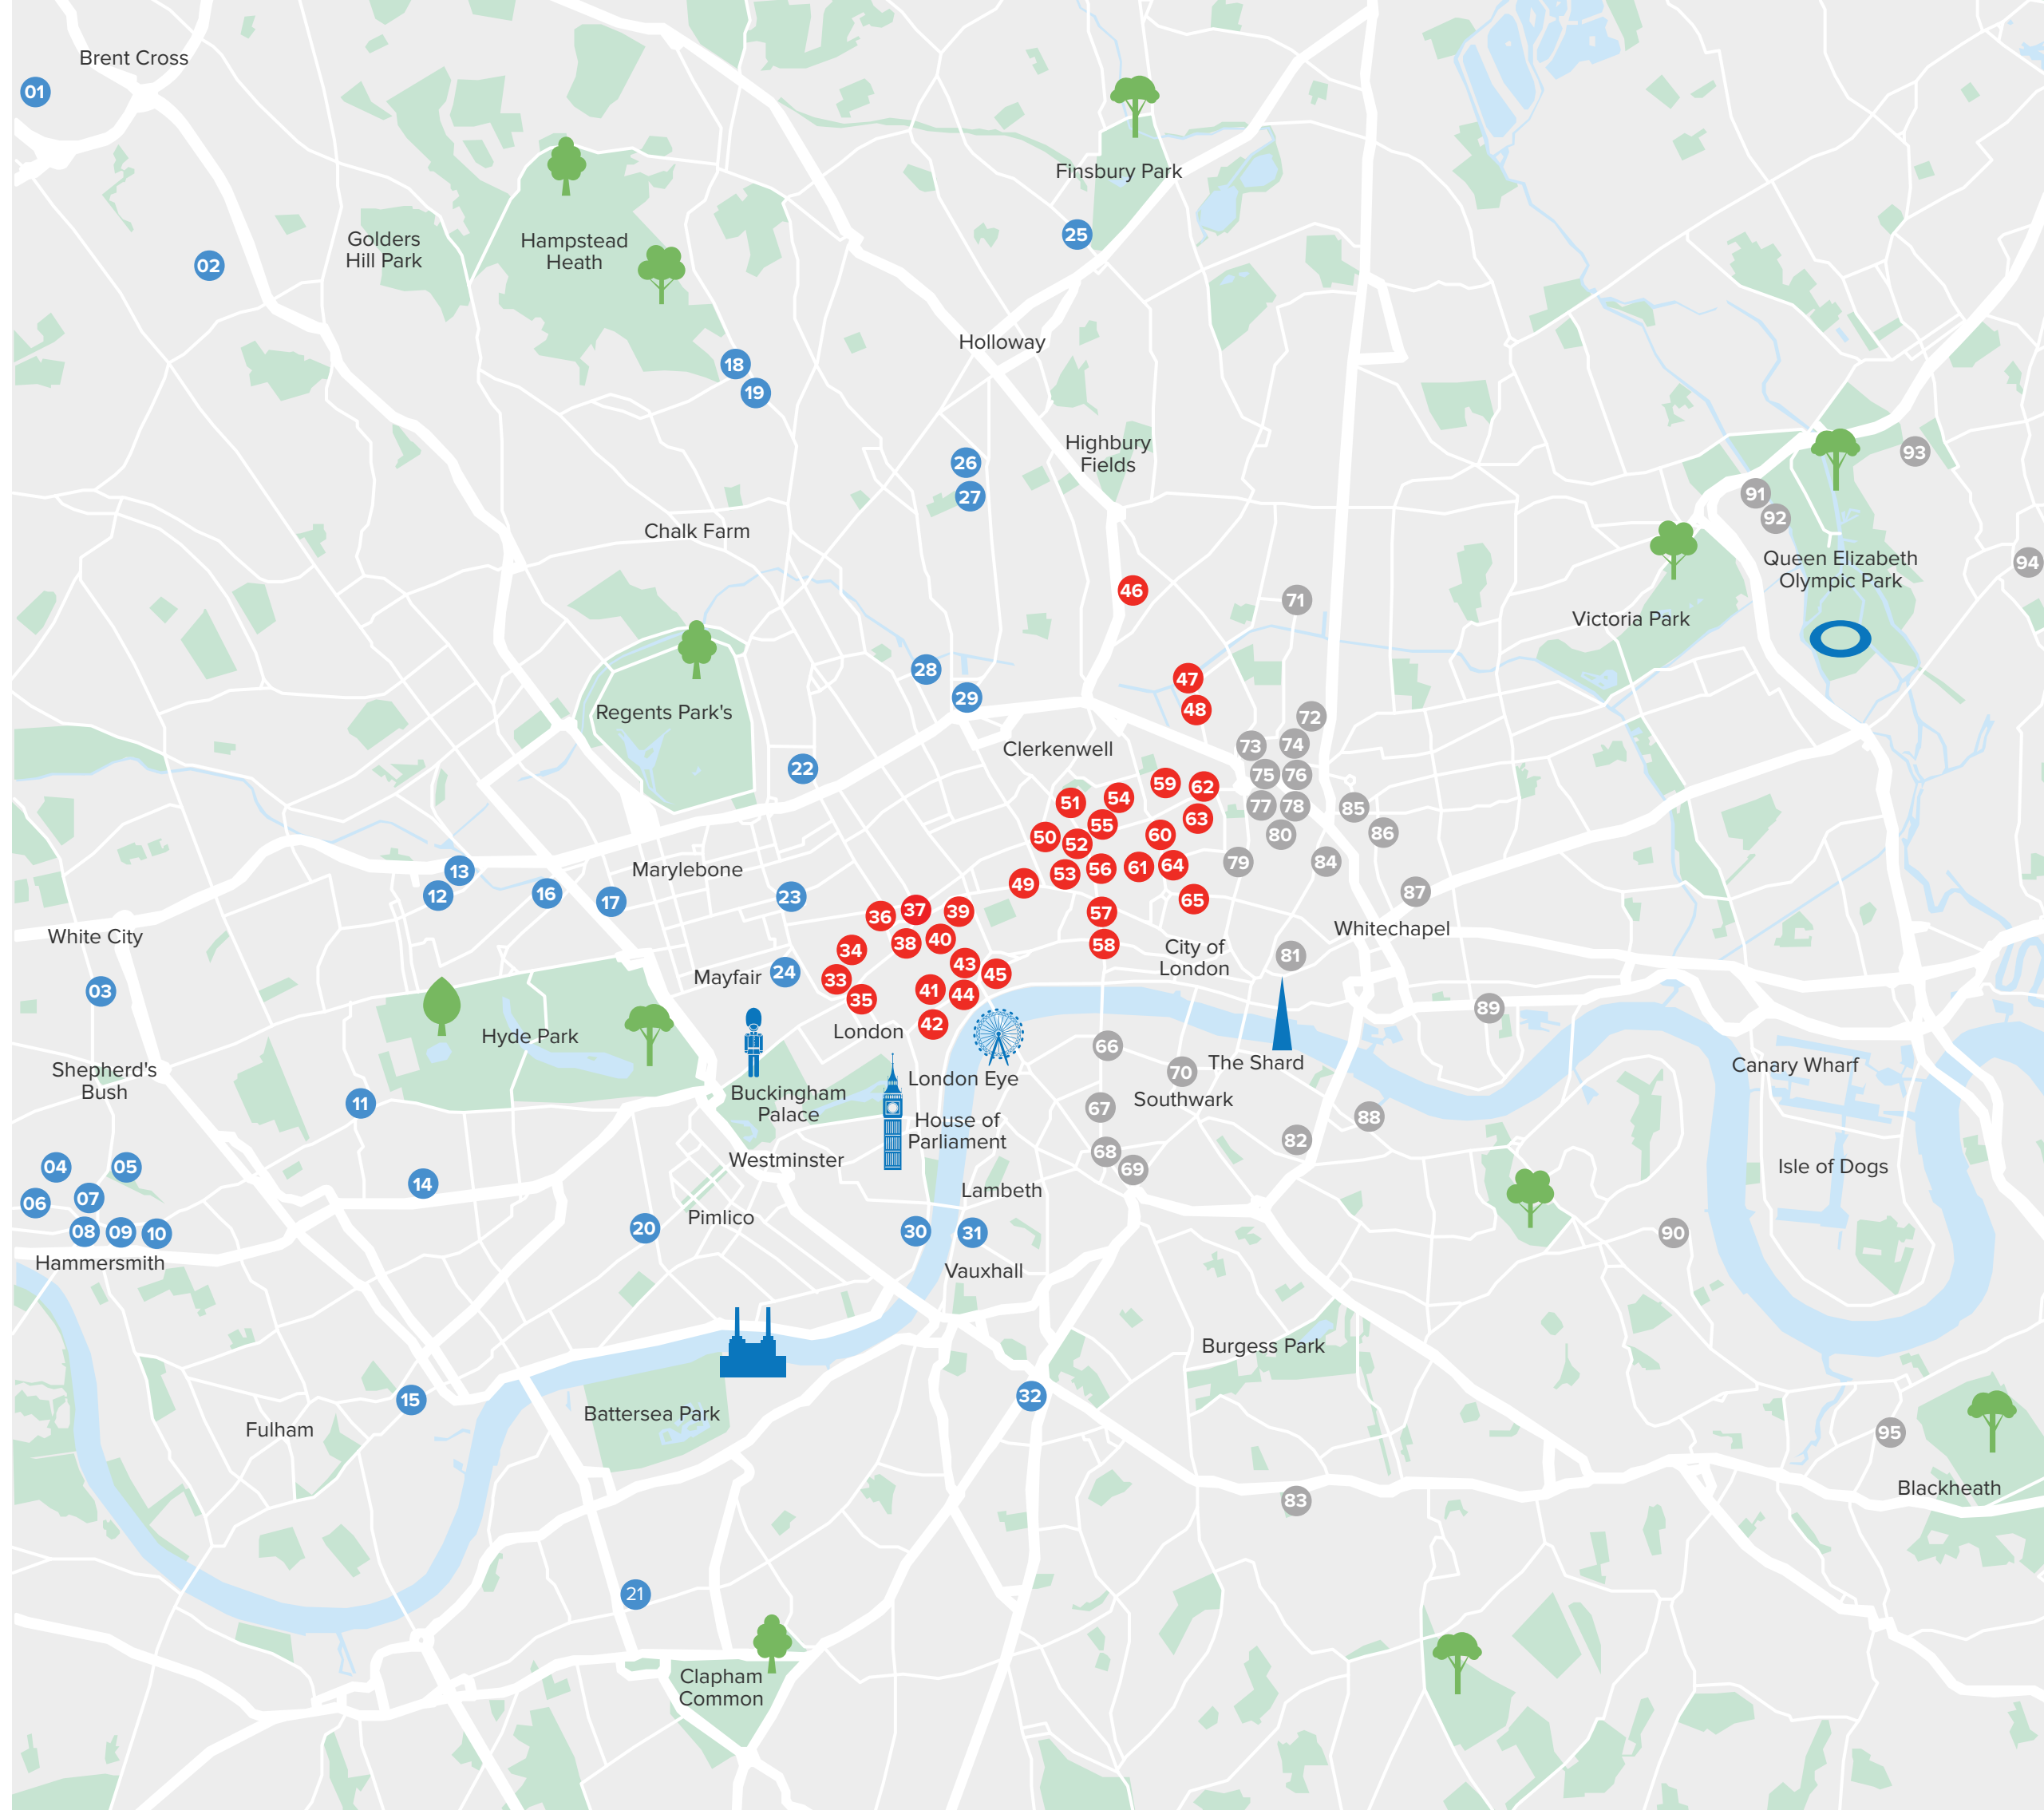

London is a great place to be located. London provides access to the UK's tremendous tech talent, and is also an attractive place to work for the global talent vital to growing a tech business
